Cultivating friendship and ties between Japan and the world

Through “Culture”, “Language” and “Dialogue,”
we create opportunities to foster friendship,
trust and mutual understanding.

The Japan Foundation is Japan's only institution dedicated to carrying out comprehensive international cultural exchange programs throughout the world.

The Japan Foundation conducts programs in the three major areas of Arts and Cultural Exchange, Japanese-Language Education Overseas, as well as Japanese Studies and International Dialogue. There are applicable programs in each of these areas, and support is provided for activities conducted by individuals and organizations that are involved in international exchange. “The Japan Foundation Program Guidelines for Fiscal Year 2025” (April 1, 2025 to March 31, 2026) introduces the applicable programs offered by the Japan Foundation to individuals or organizations that are planning to implement international exchange projects mainly in fiscal year 2025. The Program Guidelines are designed to help these individuals and organizations locate programs that match the projects that they are planning for.

Culture

Arts and Cultural Exchange

The Japan Foundation organizes various programs to introduce various aspects of Japanese arts and culture all over the world.

In addition, it promotes networking and human resources development in the arts and cultural fields by interactive collaboration/co-production and through dispatching and invitation of specialists.

Language

Japanese-Language Education Overseas

To make the Japanese-language easier to learn and teach, the Japan Foundation develops infrastructures and environments for Japanese-language education overseas. In addition, it promotes Japanese-language education according to the circumstances by country and region through various activities, such as dispatching Japanese-language specialists and conducting Japanese-language training.

Dialogue

Japanese Studies and International Dialogue

Programs in this field aim to encourage a greater understanding of Japan through supporting and promoting Japanese studies overseas. The Japan Foundation promotes dialogue about international common issues and develops human resources who play a key role in future dialogue and exchange initiatives.

Application Form: **Q-TPS**

Section in Charge: **Planning and Coordination / Literary Arts Section, Arts and Culture Department**

This program is designed to provide partial financial support for overseas publishers intending to translate and publish works originally written in Japanese. The program aims to foster better understanding of Japanese culture by encouraging overseas publishers to translate and publish Japanese works. The grant covers part of the translation and publishing costs (e.g., costs for paper, typesetting, platemaking, printing, and binding).

Eligibility

Publishing companies outside of Japan.

Eligible Projects

Translation and publication projects of works written in Japanese and already published in Japan (works of fiction and works of nonfiction in humanities and social sciences). The projects must fulfill all of the following requirements:

- 1 The translated work must be published between April 1, 2025, and February 28, 2026. However, applicants may apply for support for translation fee only, provided that they publish the translated edition within two years of completion of the translation. They may also apply for support for the publication costs of the same project in a different fiscal year (e.g., applying for translation support in the first year and for publication support in the following year).
- 2 The original work written in Japanese must already be published at the time of application.

In case of indirect translation, permission must also be obtained from the copyright holder of the foreign language edition from which the applicant's translator intends to translate.
